

Midas ProSound

We like to think inside & outside the box...

Passion

The world is full of colour. All you touch, see and hear has colour associated with it. At Midas we take inspiration from everything that surrounds us to deliver great multifaceted events on any scale.

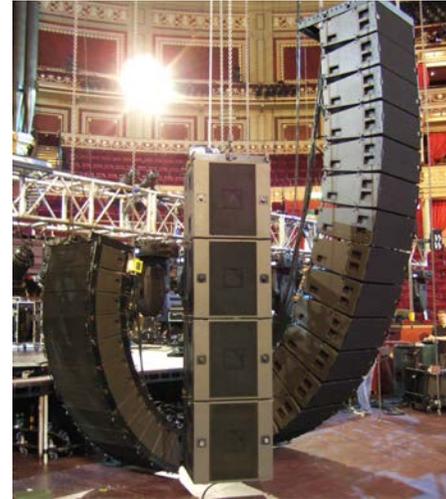

We take great pride in our ability to provide cost effective and realistic results. If you want great sound, lighting, staging, power, etc for any purpose then we are here to support you.

People

Who have we worked with? To be honest, when we look back over the last 25 years the list of people and places is as impressive as it gets, but we don't want to trade on the past, we just want to focus on the future. Your future and our future.

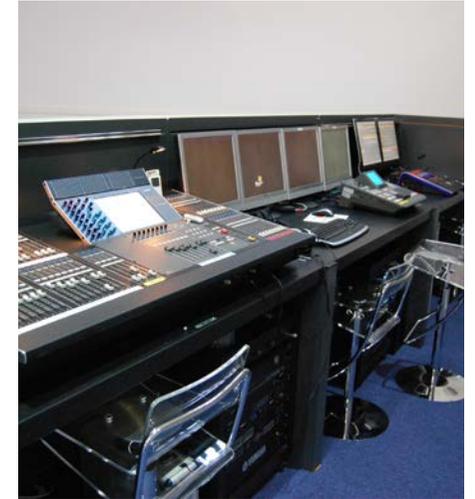

Talking of names, we are Paul, Hilary, Andy, Chris, Anton and Matt. We look forward to getting to know you too...

Places

Theatres, Festivals, Places of Worship, Tours, Marine, Aero, Domestic, Studio, Production, Conference, Exhibition, we've got the experience and the credentials to deliver anything, anywhere.

No matter where, we'll be there for you. We've travelled the world in pursuit of technical excellence and love meeting new people and seeing new places.

Productivity

We believe that work shouldn't be "work". Work should be enjoyable and not just a means to an end. That's why, when we go to work we produce an environment where everyone can work together in harmony and dare we say it, have fun. Life's too short not to.

So, the next time you want to review and improve how you work, let's work it out together.

Impact...size is not important, it's the emotion that counts

Big is impressive. It's loud, vibrant, awe inspiring. However, it only works if it delivers an associated emotion. The effect can be subtle or overwhelming but it has to be present. That's why we always strive to deliver an unforgettable experience whether you are rocking out at the biggest festival, enjoying an opera in your back garden, listening to the output of the latest audiophile gadget or

admiring visuals: architectural, concert or domestic lighting effects, the latest 4K screens, video playback etc. We cover all the bases and tick all the boxes, but we do this in a responsible way as we're always cost effective, completely sympathetic to your needs and we're proud of our green credentials. [Talking of emotion we also love puppies & kittens, but ours tend to stay at home due to H&S regulations]

Event Management & Production

[rocket science included]

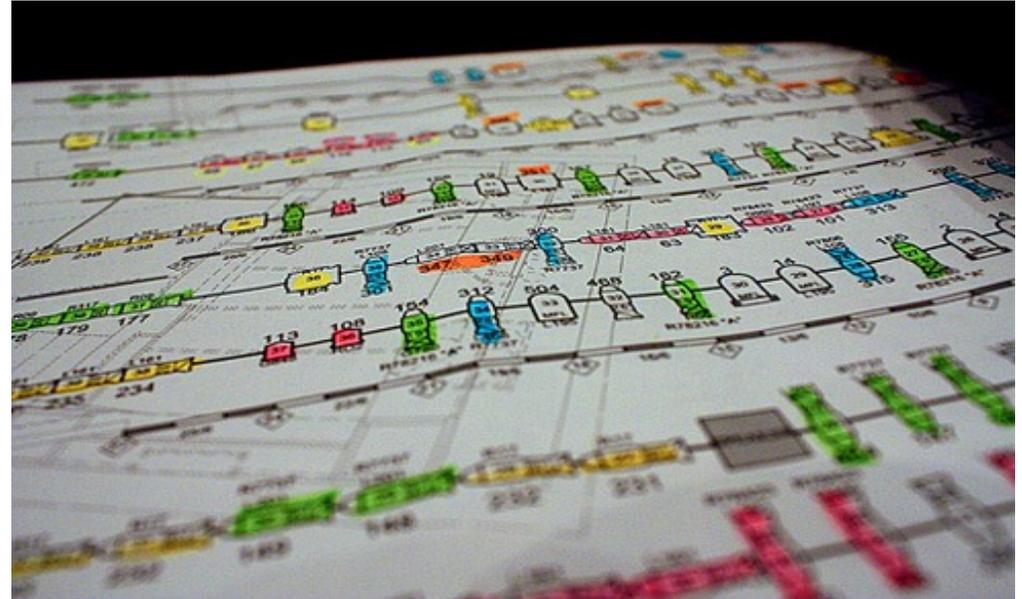

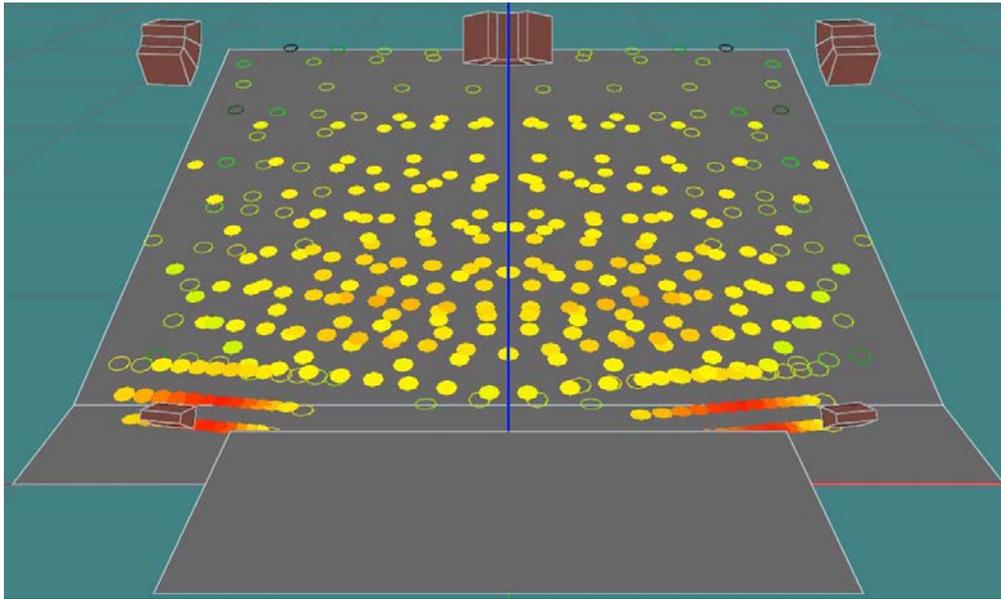

Everything you need for a truly memorable event...

Sound, Staging, Stage Lighting, Architectural Lighting, System Engineers, Riggers, Crew, Power Distribution, Set Design, Stage Management, Security, Crowd Management, Big Screens, Broadcast, Recording, Barriers, Temporary Structures, Venues, Ticketing, Plant & Access, Pyrotechnics, H&S Compliance, Catering, Internet Access and streaming, Planning, Artist Booking & Liaison, Marketing Materials, Logistics, Insurance, etc.

- **Design**
- **Installation**
- **Sales**

Whatever your requirements or brand preferences, we can design and install bespoke systems for any type of installation project. Schools, Colleges, Opera Houses, Arts Centres, Theatres, Arenas and even Aircraft Hangers have all been given the Midas Touch.

We are also brand neutral, so we won't try to sell you something that may not be appropriate. We always offer options on every aspect of a project so you can be assured that the right choice has been made.

So, why not make Midas your next installation or sales partner?
